Short description

Fourth-generation Intel® Core™ i7-4770 processor, Windows 8, NVIDIA® GeForce® GTX 680 DirectX®11 graphics, 2000 GB hard drive, 16 GB RAM memory, 128 GB SSD, USB 3.0, DVD/CD burner, Hot-swap mobile rack

Long description

Multimedia and games.
The MEDION® AKOYA® P5353 F will be your new partner for exciting multimedia and gaming sessions. It will never run out of steam: thanks to its fourth-generation Intel® Core™ i7-4770 processor, your PC always delivers maximum performance. It is backed up by the fast NVIDIA® GeForce® GTX 680 DirectX®11 graphics which guarantee maximum frame rates and ultra-sharp details in games.

Equipped with 16 GB DDR3 RAM memory and the latest memory technology, the system can handle several processes simultaneously without any loss of performance. The 2,000 GB hard drive provides ample space for storing films, music and other files. And if you want to take your high scores along with you to a friend, simply save the data onto a hard drive in the hot-swap mobile rack, which you can swap conveniently and easily – without even having to switch off your PC. The computer also features an additional integrated 128 GB solid state drive (SSD). Alongside their low-noise operation, SSD's also offer increased speed thanks to excellent access times and higher read and write rates.

Thanks to its cutting-edge USB 3.0 interface, transferring video, audio, picture and other files is extremely fast.*

MEDION® AKOYA® P5353 F

Windows 8
Beautiful, fast and fluid
Windows 8 has been redeveloped to be all about you. Put what matters most right on your Start screen and get instant access to your people, apps, sites and more, so you can spend less time searching and more time doing.

Fourth-generation Intel® Core™ i7-4770 processor
(3.40 GHz, Intel® Turbo Boost technology 2.0, Intel® Hyper-Threading Technology, 8 MB Intel® Smart Cache)
Intelligent performance at the highest level.
Get yourself top performance for the most demanding applications! The fourth-generation Intel® Core™ i7 processor impresses with its integrated security features to deliver a higher level of protection.**

NVIDIA® GeForce® GTX 680 DirectX®11 graphics
with 2,048 MB GDDR5 RAM memory, digital HDMI® audio/video output, 1 x DVI-I, 1 x DVI-D and DisplayPort
Fascinating gaming graphics for memorable gaming and multimedia fun. Experience the world of graphics and multimedia in a whole new way!

16 GB DDR3 RAM memory
Thanks to cutting-edge, high-performance memory technology, you can run several processes and applications simultaneously without affecting the system performance

2 TB (2,000 GB) hard drive
You'll never have to worry about storage space again. Thanks to its large 2,000 GB hard drive, you will always have plenty of space to save all your movies, pictures, music tracks and other files. Enough for more than 400,000 music tracks or photos (at 4 MB per track/ picture)

128 GB SSD (Solid State Drive)
More reliable and faster storage. Quiet operation, approx. 3x faster boot-up and more system performance for your PC.

1 Hot-swap mobile rack
Swap your hard drives quickly and easily – even while the PC is running. Perfect for data backups, data exchange and alternative operating systems. Hard drive capacity can be expanded with all standard internal 8.89 cm/3.5" hard disks.

Multi-standard DVD/CD burner***
With DVD-RAM and dual layer support

*USB 3.0 connections are backwards compatible. For higher speed, however, you will require peripheral PC equipment which supports USB 3.0.
**No computer offers complete security under all conditions. The use of the integrated security features in certain Intel® Core™ processors may require additional software, hardware, services or an Internet connection. The results may vary depending on the configuration. Contact the manufacturer of the PC to find out more details.

Technical details

CPU: Intel® Core™ i7-4770 processor
Operating system (OEM version):

Windows 8
Clock Frequency: 3.4GHz
Memory size: 16GB
Total RAM slots: 2
Used RAM slots: 2
Hard disk capacity: 2TB
SSD Capacity: 128GB
Graphic:

NVIDIA® GeForce® GTX 680 DirectX®11 graphics
with 2,048 MB GDDR5 RAM memory, digital HDMI® audio/video output, 1 x DVI-I, 1 x DVI-D and DisplayPort
Optical drives:

Multi-standard DVD/CD burner*
With DVD-RAM and dual layer support
Sound:

8-channel high-definition audio
Miscellaneous:

1 Hot-swap mobile rack
USB 3.0** – the data turbo
4-in-1 multi-card reader for SD, MMC, MS & xD memory cards (memory cards not supplied)

Connections

Connections:

Front:
2 x USB 3.0*
1 x microphone
1 x headphones

Rear:
4x USB 3.0
4x USB 2.0
1x LAN (RJ-45)

Audio:

MEDION® AKOYA® P5353 F

1 x front line out
1 x rear speaker out
1 x rear speaker out
1 x centre / subwoofer out
1 x line in
1 x SPDIF optical output
LAN:

Gigabit LAN network controller (10/100/1,000 Mbit/s) on board

Software (OEM Versions)
